2025 edition

LIST OF BOOKS INDEXED

Hawai'i & Pacific Section, Hawai'i State Library. *Hawaiian Legends Index*. 2025 ed. Honolulu: Hawai'i State Library, 2025.

<https://hli.librarieshawaii.org/Legends/Single-Box/aboutindex.php>

This list of books indexed in the *Hawaiian Legends Index* was originally created by staff at the Hawai'i & Pacific Section of the Hawai'i State Library. It was then updated to its current form in the spring of 2012 by Dore Minatodani at the University of Hawai'i at Mānoa. Updates include publication notes and the addition of web addresses to the digitized version of titles whenever a digital copy was found to be available. LC call numbers used by the University (UHM) were also added below the original Dewey call numbers used by the public library system (HSL).

From 2025 on, this bibliography will be updated by the Hawai'i & Pacific Section of the Hawai'i State Library once again, with new titles and links added as time and staffing permits. LC call numbers will also continue to be added for the convenience of our UH system users.
